

## Product Specification

### Product description

Product Code	2008N
Product Name	Natural Acetoin
Chemical Name	3-Hydroxy-2-butanone
Chemical Structure	

### Characteristic Specification

Test	Specification
Color/appearance	Off white to yellow liquid/slurry (may solidify at low temperatures and can be reconstituted by melting)
Odor	Dairy, butter, milk, yogurt
Refractive Index (@20c)	1.412 to 1.420
Specific Gravity (@25c)	0.994 to 1.019
Assay (by GLC)	≥98%
As	≤ 2 µg/g
Heavy Metal (Pb)	≤10 µg/g

### Additional Product Information

**CAS No.:** 513-86-0; **FEMA No.:** 2008

**EC No.:** 208-174-1

**Empirical formula:** C<sub>4</sub>H<sub>8</sub>O<sub>2</sub>; **Molecular Weight:** 88.11

**Flashing point:** ≥ 45°C

**Storage Conditions and shelf life:** when stored in its original, tightly sealed container at max. 8 °C and dry location out of direct heat and light: 12 months.

**Win Win International Inc.**

3 Pleasant Place, North Brunswick, NJ 08902
